

TECH-FEST RETURNS

what is

The image shows a black background with white binary code ('0's and '1's) arranged to form text. The word 'HACK' is formed by binary digits, with each letter having a different pattern of ones and zeros. Below 'HACK', the text '>SOC |' is displayed in a large, white, sans-serif font. A vertical green bar is positioned to the right of the 'C' in 'SOC'.

Tonight's Plan

stream 1:

20:00 UNIX without the neckbeard

(Elias Khoury)

20:30 Intro to Big Data

(Gregor Engelmann)

stream 2:

20:00 MicroFrameworks for the web

(Shaun Hare, LifeSciences)

20:30 Intro to NodeJS

(Christopher Birmingham)

There's lots of you so we will split the group in half, and repeat the talks in 2 streams!

Pizza will arrive at 9!

Change streams after pizza to see the talks you missed!
